FS4M Workshop 3 & Webinar

“Impact of climate change scenarios and processing on food security related to mycotoxins”

Date

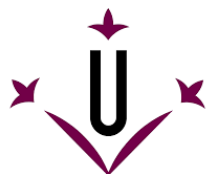

25 & 26 April 2024 (09:00-17:00 UK time)

Location

Cranfield Campus, College Road, Cranfield, MK43 0AL, UK

FUNSHIELD4MED WORKSHOP 3 - DAY 1 PROGRAM		
25 APRIL 2024		
TIME	SUBJECT	SPEAKER
9:00-9:30	Welcome coffee	
9:30-10:30	Climate change and its impact on food safety and spoilage: a farm to table and an energy to sustainability journey (distance access)	Vasilis Valdramidis (NKUA)
10:30-10:55	Coffee break	
11:00-12:00	Fate of mycotoxins during processing of food products (distance access)	Vicente Sanchis (UdL)
12:00-12:45	Lunch break and networking	
13:00-14:00	Introduction of case studies to evaluate risks of mycotoxin contamination	Vicente Sanchis/Sonia Marin (UdL)
14:00-17:00	Working in groups to prepare a PPT presentation for discussion	All

FUNSHIELD4MED WORKSHOP 3 - DAY 2 PROGRAM		
26 APRIL 2024		
TIME	SUBJECT	SPEAKER
9:00-9:15	Welcome coffee	
9:15-10:15	Principles of molecular ecology, and integration of big datasets to study fungal behaviours under interacting environmental conditions and processing (distance access)	Angel Medina (CU)
10:15-10:30	Coffee break	
10:30-11:30	Hyperspectral imaging for the identification of contaminated foodstuff (distance access)	Sonia Marin (UdL)
11:30-12:30	Case study presentation	Vicente Sanchis/ Sonia Marin (UdL)
12:45-onwards	Lunch break - Departure
